Commissioner for Patents

Sir:

The undersigned counsel for Assignee hereby petitions to have the holding of abandonment in the above-identified application withdrawn based upon the accompanying Statement of Counsel and docket evidence showing non-receipt of the Notice to File Missing Parts dated September 21, 2001.

Counsel believes that no fee is required for this petition, based on the Patent Office notice attached to the back of the Notice of Abandonment (copy enclosed). If, however, it is determined that a fee is appropriate, please charge such fee to Deposit Account 20-1430. A copy of this sheet is provided for such purpose.

**Statement of Counsel**

During a routine file review, an employee in this law firm discovered that no filing receipt had been received in the above matter.

On July 26, 2002, counsel filed a Request for Status, which was received by the Patent Office Mailroom on July 31, 2002 (copies attached). No response has ever been received from the Patent Office in regard to this Request for Status.

Counsel then granted a Power to Inspect/Copy which authorized personnel from Landon Stark to personally go into the Patent Office and review the Patent Office file

wrapper to determine status of the application. During this review it was noted that an official Filing Receipt, accompanied by a Notice to File Missing Parts, had been mailed on September 21, 2001, to the law firm address of counsel. There was no indication that the Request for Status had been entered in the Patent Office file wrapper.

After a thorough review of counsel's file for the application and the law firm docket records for that time period, it is apparent that the official Filing Receipt and Notice to File Missing Parts, dated September 21, 2001, were never received by counsel's office. This is evidenced by three dockets, generated directly from the central docket system of the law firm, for the dates of November 21, 2001 (the due date for response); December 21, 2001 (an extended due date); and January 21, 2002 (another extended due date). Copies of these dockets are attached.

Counsel notes that the events involving this file took place in proximity to the events of September 11, 2001, and the papers lost from the PTO or en route to the undersigned may have been lost in conjunction with the events of that time period.

Based upon such evidence, counsel believes that the Notice to File Missing Parts was in fact never received by counsel's office, and that the holding of abandonment should be withdrawn based on failure to receive an Office Action.

Respectfully submitted,

Robert C. Colwell

Where an applicant contends that the application is not in fact abandoned (e.g., there is disagreement as to the sufficiency of the reply, or as to controlling dates), a petition under 37 CFR § 1.181(a) requesting withdrawal of the holding of abandonment is the appropriate course of action. Any petition under 37 CFR § 1.181, to withdraw the holding of abandonment not filed within 2 months of the mail date of a Notice of Abandonment may be dismissed as untimely under 37 CFR § 1.181(f).

- 37 CFR § 1.10 "Express Mail" mailing
- MPEP 503 Postcard Receipt as Prima Facie Evidence
